

Apex Historical Society – Oral History project

Pre-Interview Form

The Apex Historical Society is embarking on a project to capture both the oral history of Apex residents and the heritage of the historical buildings, homes and structures of Apex. We will interview residents of Apex who were either born here or have lived here a long time, and who can provide us with a personal history of their life growing up in Apex.

With your permission, we will interview you and document our findings. A member of the Apex Historical Society will act as an interviewer and will ask you a number of questions relating to your life in Apex. The interviewer will be take notes, and your conversation may be either tape recorded or videotaped. The purpose of this is so that we may transcribe your interview correctly when we document it later, and so that we may refer to the notes and tapes if we have any questions.

The interviewer will have some basic questions, but we appreciate you sharing your knowledge of life in Apex, so feel free to add any relevant stories or commentaries you feel would be helpful to our project.
